

Club Talks on Model Jet flying in Yorkshire by John McNamara,  
Chairman of Elvington Model Flyers

*The talk focuses on the difference between building & flying regular models and jets, split down into choosing and building a model jet, operating a model jet and flying a model jet. It takes about 1.5 hours depending on questions etc.*

*Johns background is 37 years flying RC including gliders of all types, electric models from the very beginning, scale glider completions., aerotowing, power scale, ducted fan and jets. Johnhas been flying jets for around ten years.*
